Dr. Edward H. Salmon
Chairman

June 13, 2014

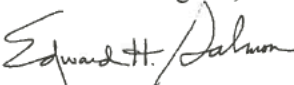

To Whom It May Concern:

Over the past few years, I have had the opportunity to view the quality and integrity of the Synnergy development team.

As a former Mayor, Freeholder, Assemblyman, and President of the NJ Board of Public Utilities, I have a wealth of experience in working with developers and in analyzing the feasibility of projects and their potential impact on municipalities and the taxpayers

The collective skill sets and work ethic of the Synnergy professional team is unmatched in our region. Synnergy has demonstrated a unique ability to operate successfully in the public-private sector and finish what they start. They have demonstrated a consistent compliance with municipal expectations, while maintaining the highest level of technical skills.

It is without hesitation that I recommend Synnergy for this very important project.

With kindest regards,

Edward H. Salmon
